|-----------------|-----------|--------|
| <b>MINERALS</b> | Iodine    | 37.5%  |
|                 | Potassium | 11.75% |

## PHYSICAL CHARACTERISTICS

|                       |                        |
|-----------------------|------------------------|
| <b>Color</b>          | Amber                  |
| <b>Form</b>           | Liquid                 |
| <b>Solubility</b>     | Water soluble          |
| <b>Package Type</b>   | Gallon bottle          |
| <b>Package Weight</b> | 12.33 lb / 5.59 kg     |
| <b>Volume</b>         | 128 fl. oz./ 3785.4 mL |

## SAFE HANDLING & STORAGE

Store in a dark, cool, dry room (between 40 – 80°F [4 – 26°C]). Do not allow it to freeze. Do not leave the container open for long periods of time. Use only as according to label directions. Do not mix Zinpro® Specialty Products® with other nutritional supplements or chemicals without first testing compatibility. Manufacturer accepts no liability for improper use, handling, or storage. For oral use only. Keep out of reach of children. Not for human consumption.

**Shelf Life: 2 years after the date of manufacture**

## DIRECTIONS FOR USE

**IMPORTANT:** Use as directed and do not deviate from the recommended use rate or schedule.

### SWINE

**All** Mix daily and provide for three consecutive days.

Mix 6 oz of Expectracell N.O.5 in two gallons of stock solution and meter at a rate of 1 fl. oz/gallon of drinking water (1:128).

Wait two days before repeating water application cycle.

This cycle can be repeated 3-4 times if needed.

### POULTRY

**All** Mix daily and provide for three consecutive days.

Mix 6 oz of Expectracell N.O.5 in two gallons of stock solution and meter at a rate of 1 fl. oz/gallon of drinking water (1:128).

Wait two days before repeating water application cycle.

This cycle can be repeated 3-4 times if needed.

May be run in conjunction with Zinpro Performance Minerals® programs for optimal feed and water nutrient absorption and utilization.
